

SOLAR WATCH "NAVIGATOR"

Art. No.: 24029

INSTRUCTION MANUAL

PLEASE NOTE:

Please note that the battery stopper (avoids drainage of battery when disused) must be removed and the crown must be pushed back to position 1 after time setting.

TIME SETTING:

Pull out the crown to position 2, rotate the crown and set the time. When correct time is set push back the crown to position 1 to start time.

REMARKS:

This watch operates on solar power. The solar panel will power the watch while there is light. It will work both in-door and outdoor provided the surrounding is bright enough (min. 300 Lux). When left in a dark environment, the watch will automatically be powered by the backup battery to keep it running.

Solar panel type: 2509
Battery backup type: SR626SW

DISPOSAL:

The packaging material is reusable. Dispose of the packaging in an

environmentally friendly way by putting it in the appropriate recyclable waste collection containers.

Dispose of the product and the batteries in view of the environment if you want to separate. The device and the batteries must not be thrown in with domestic waste. Take them to a recycling center for used electrical and electronic devices. For more information you can consult your local government. Remove batteries first.
